Key qualifications

IT & Management consulting. Building business critical solutions with clients. Understanding systems, and continously improving processes.

Maturing in leadership, learning psychology, and enable teams. Passionate about technology, interested in finance, and curious to observe the next frontier of humanity.

Through passion I lead. Through leadership I serve. Through teams we deliver.

Work Experience

09.2020 - current   **Dfind Direction**. *Chief Consultant*
Dfind Direction is the place for highly skilled business minded tech consultants, managers, and architects. We help you set a course, stay on it, and finish the project.
